

HEIGHTENED PROTECTION:

## METAL MESH GLOVES

DETECTABLE

DURABLE

SAFE

## PROTECTION ENGINEERED FOR DEMANDING WORK

NOCOB metal mesh gloves deliver superior protection, fit and comfort. Individually welded rings provide strength, flexibility and durability, while the fully encased strap supports easier cleaning and reduced bacteria retention.

**Fe**

### ENHANCED DETECTABILITY

Increased iron content supports stronger detection.

**H**

### HYGIENE-FOCUSED

Encased, replaceable strap supports thorough cleaning.

**A**

### AMBIDEXTROUS

One reversible glove can be worn on either hand.

**W**

### WET-AREA READY

Non-corrosive construction suits wet environments.

**D**

### DURABLE & REPAIRABLE

Welded rings and replaceable components extend service.

**S**

### COLOR-CODED SIZING

Strap colors make size identification quick.

### BUILT FOR FOOD-PROCESSING ENVIRONMENTS

#### BUTCHERY / SLAUGHTERHOUSES / FISHING PLANTS

Also suited to fish and shellfish processing, poultry processing, garment cutting, wood and glass applications.

- 3 Embedded coil
- 4 Claw

Replaceable components

PRODUCT PACKAGING

PACKAGED GLOVE

### COMPLIANCE & CERTIFICATIONS

**US FDA**

Complies with the United States Food and Drug Administration (US FDA).

### CARE, INSPECTION & SERVICE LIFE

Clean and maintain according to instructions. Depending on the workstation and repeated knife contact, service life may range from approximately 3 months to 2 years. Missing rings or damaged components require inspection. Return the glove to the distributor to determine whether it can be repaired or should be discarded.
