SAFE

PROTECTION ENGINEERED FOR DEMANDING WORK

NOCOB metal mesh gloves deliver superior protection, fit and comfort. Individually welded rings provide strength, flexibility and durability, while the integrated clip fastening secures the extended cuff without a loose strap.

Fe — **ENHANCED DETECTABILITY**
Increased iron content supports stronger detection.

C — **CLIP FASTENING**
Integrated clip provides a positive cuff closure.

A — **AMBIDEXTROUS**
One reversible glove can be worn on either hand.

W — **WET-AREA READY**
Non-corrosive construction suits wet environments.

D — **DURABLE & REPAIRABLE**
Welded rings and durable construction extend service.

F — **SECURE CUFF**
The clip helps keep the extended cuff comfortably in position.

BUILT FOR FOOD-PROCESSING ENVIRONMENTS

BUTCHERY / SLAUGHTERHOUSES / FISHING PLANTS

Also suited to fish and shellfish processing, poultry processing, garment cutting, wood and glass applications.

Integrated cuff fastening

PRODUCT PACKAGING

DELIVERY READY

CARE, INSPECTION & SERVICE LIFE

Clean and maintain according to instructions. Depending on the workstation and repeated knife contact, service life may range from approximately 3 months to 2 years. Missing rings or damaged components require inspection. Return the glove to the distributor to determine whether it can be repaired or should be discarded.

COMPLIANCE & CERTIFICATIONS

US FDA

Complies with the United States Food and Drug Administration (US FDA).
